Population covered	General population
Pathology	
Gender	Male Woman
Geography area	National
Detail of the geography area	Metropolitan France
Data collection	
Dates	
Date of first collection (YYYY or MM/YYYY)	2009
Size of the database	
Size of the database (number of individuals)	[500-1000[individuals
Details of the number of individuals	752
Data	
Database activity	Data collection completed
Type of data collected	Declarative data
Declarative data (detail)	Phone interview

Presence of a biobank	No
Health parameters studied	Others
Other (detail)	Opinions and practices regarding health environment and health at workplace
Procedures	
Participant monitoring	No
Followed pathology	
Links to administrative sources	No
