Population type	
Age	<p>Adulthood (19 to 24 years)</p> <p>Adulthood (25 to 44 years)</p> <p>Adulthood (45 to 64 years)</p>

Population covered	General population
Pathology	
Gender	Male Woman
Geography area	Local
French regions covered by the database	Auvergne Rhône-Alpes
Data collection	
Dates	
Date of first collection (YYYY or MM/YYYY)	2020
Date of last collection (YYYY or MM/YYYY)	2022
Size of the database	
Size of the database (number of individuals)	[1000-10 000[ individuals
Details of the number of individuals	1000
Data	
Database activity	Current data collection
Type of data collected	Declarative data
Declarative data (detail)	Internet self-questionnaire
Presence of a biobank	No
Procedures	
Data collection method	questionnaire on the institution Intranet server
Participant monitoring	Yes
Links to administrative sources	No
Promotion and access	
Promotion
