Main objective	Describe the treatment for pain in the emergency departments in France, according to the characteristics of the pain (acute, chronic or induced) - Explore the various treatments in specific sub-groups (non-communicating patients and patients aged 65 years and older).
Inclusion criteria	All conscious adult patients admitted to emergency

departments

Population type

Age	Adulthood (19 to 24 years) Adulthood (25 to 44 years) Adulthood (45 to 64 years) Elderly (65 to 79 years) Great age (80 years and more)
-----	---

Population covered	Sick population
--------------------	-----------------

Gender	Male Woman
--------	---------------

Geography area	National
----------------	----------

Detail of the geography area	11 Emergency departments (Paris, Lyon, Lille, Dijon, Nantes, Chateauroux, Colombes)
------------------------------	---

Data collection

Dates

Date of first collection (YYYY or MM/YYYY)	2010
--	------

Date of last collection (YYYY or MM/YYYY)	2010
---	------

Size of the database

Size of the database (number of individuals)	[1000-10 000[individuals
--	---------------------------

Details of the number of individuals	1354
--------------------------------------	------

Data

Database activity	Data collection completed
-------------------	---------------------------

Type of data collected	Clinical data Declarative data
------------------------	-----------------------------------

Clinical data (detail)	Direct physical measures Medical registration
------------------------	--

Declarative data (detail)	Face to face interview
---------------------------	------------------------

Presence of a biobank	No
-----------------------	----

Health parameters studied	Health event/morbidity Health care consumption and services
Care consumption (detail)	Hospitalization Medicines consumption
Procedures	
Data collection method	paper CRF
Participant monitoring	No
Links to administrative sources	No
Promotion and access	
Promotion	
Access	
Terms of data access (charter for data provision, format of data, availability delay)	publications
Access to aggregated data	Access on specific project only
Access to individual data	Access on specific project only
