### Governance of the database

Sponsor(s) or organisation(s) DARES - Direction de l'Animation de la Recherche,

responsible	des Etudes et des Statistiques
Organisation status	Public
<b>Additional contact</b>	
<b>Main features</b>	
<b>Type of database</b>	
Type of database	Study databases
Study databases (details)	Repeated cross-sectional studies (except case control studies)
Database recruitment is carried out by an intermediary	A population file
Database recruitment is carried out as part of an interventional study	No
Additional information regarding sample selection.	Sampling: Emploi survey, DARES
<b>Database objective</b>	
Main objective	The survey's primary objectives are to describe and analyse the work situations of active workers and their trends; to link up different work components; to observe technology trends and its impact on work and to describe occupational risks and prevention practices.
Inclusion criteria	The survey is representative of all active workers in employment (whether employees or not) living in an ordinary household in mainland France.
<b>Population type</b>	
Age	Adolescence (13 to 18 years) Adulthood (19 to 24 years) Adulthood (25 to 44 years) Adulthood (45 to 64 years)
Population covered	General population
Gender	Male Woman
Geography area	National

Detail of the geography area	Metropolitan France
<b>Data collection</b>	
<b>Dates</b>	
Date of first collection (YYYY or MM/YYYY)	1978
<b>Size of the database</b>	
Size of the database (number of individuals)	[1000-10 000[ individuals
Details of the number of individuals	18 789 (2005)
<b>Data</b>	
Database activity	Current data collection
Type of data collected	Declarative data
Declarative data (detail)	Face to face interview
Presence of a biobank	No
Health parameters studied	Others
Other (detail)	Prevention (behaviours, screening), Social health inequalities
<b>Procedures</b>	
Data collection method	The Emploi survey was conducted every March until 2002. Subjects were asked about their work conditions after filling out the Emploi survey questionnaire. The Emploi survey has been "ongoing" for over six quarters since 2002. In 2005, those surveyed, active workers, were questioned during the sixth and last interview. The survey will be withdrawn from the Emploi survey in 2012.
Participant monitoring	No
Links to administrative sources	No
<b>Promotion and access</b>
