| Gender                       | Male<br>Woman      |
| Geography area               | National           |
| Detail of the geography area | France             |

## Data collection

### Dates

Date of first collection (YYYY or MM/YYYY) 2008

Date of last collection (YYYY or MM/YYYY) 2008

### Size of the database

Size of the database (number of individuals) [10 000-20 000[ individuals

Details of the number of individuals 10394

### Data

Database activity Data collection completed

Type of data collected Clinical data  
Administrative data

Clinical data (detail) Medical registration

Administrative data (detail) Age, gender

Presence of a biobank No

Health parameters studied Health event/morbidity

### Procedures

Participant monitoring No

Links to administrative sources No
