## - Health and environment Barometer

Head :Menard Colette

Funding status

Last update : 09/05/2017   Version : 1   ID : 1133		
General		
Identification		
Detailed name	Health and environment Barometer	
General Aspects		
Medical area	Psychology and psychiatry Study of allergies	
Pathology (details)	Environmental risks: Pollution of soil, Pollution of outdoor air, Pollution of indoor air, Carbon monoxide, Radon, Household, do-it-yourself and gardening products, cosmetics Bathing waters, Legionnaires' disease, Noise, Mobile telephone	
Health determinants	Pollution	
Keywords	- General perceptions on the environment, environmental risks - Preventive behaviors and attitudes	
Scientific investigator(s) (Contact)		
Name of the director	Menard	
Surname	Colette	
Address	42, boulevard de la libération - 93203 - Saint-Denis cedex	
Phone	+ 33(0)1 49 33 23 89	
Email	colette.menard@inpes.sante.fr	
Organization	INPES - Institut National de Prévention et d'Éducation pour la	
Collaborations		
Funding		

Public

Details	Ministère de la santé, de la Jeunesse et des Sports Caisse nationale de l'assurance maladie des travailleurs salariés Au niveau régional, soutien financier de la DASS et des collectivités territoriales.
Governance of the database	
Sponsor(s) or organisation(s) responsible	Institut National de Prévention et d'Education pour la Santé (INPES)
Organisation status	Public
Additional contact	
Main features	
Type of database	
Type of database	Study databases
Study databases (details)	Repeated cross-sectional studies (except case control studies)
Database recruitment is carried out by an intermediary	A population file
Database recruitment is carried out as part of an interventional study	No
Additional information regarding sample selection.	Two-stage sampling (household then individual) Random selection from the France Télécom directory. An announcement letter is sent before the call (when the address is available, otherwise afterwards) The individual is selected via the birthday method Individuals registered on the red list participated in the survey
Database objective	
Main objective	Evaluate the representations, attitudes and behaviors of the population residing in France faced with environmental risks
Inclusion criteria	Querying people in households: -equipped with a landline telephone (white, orange or red list)
Population type	
Age	Adulthood (19 to 24 years)

Adulthood	(25	to	44	years)
Elderly (65	to	79	yea	rs)

	Elderly (65 to 79 years)
Population covered	General population
Gender	Male Woman
Geography area	National
Detail of the geography area	Metropolitan France
Data collection	
Dates	
Date of first collection (YYYY or MM/YYYY)	2007
Date of last collection (YYYY or MM/YYYY)	2007
Size of the database	
Size of the database (number of individuals)	[1000-10 000[ individuals
Details of the number of individuals	6007 individus âgés de 18 à 75 ans plus 7 échantillons régionaux. 6007 individuals from 18 to 75 years old plus 7 régionals samples
Data	
•	
Database activity	Data collection completed
Database activity  Type of data collected	Data collection completed  Declarative data
·	·
Type of data collected	Declarative data
Type of data collected  Declarative data (detail)	Declarative data  Phone interview
Type of data collected  Declarative data (detail)  Presence of a biobank	Declarative data  Phone interview  No
Type of data collected  Declarative data (detail)  Presence of a biobank  Health parameters studied	Declarative data  Phone interview  No  Others
Type of data collected  Declarative data (detail)  Presence of a biobank  Health parameters studied  Other (detail)	Declarative data  Phone interview  No  Others
Type of data collected  Declarative data (detail)  Presence of a biobank  Health parameters studied  Other (detail)  Procedures	Declarative data  Phone interview  No Others environmental risks

## Promotion and access

## Promotion

## Access

Terms of data access (charter for data provision, format of data, availability delay)	-INPES publishes reports that present the results of the surveys, -Publication of summary articles and articles published in scientific reviews -Full online publication of the work, summaries and chapters -Distribution of the results with the condition of mentioning the sources - access to the database is possible subject to an agreement once the work is published
Access to aggregated data	Access on specific project only
Access to individual data	Access on specific project only
