## Governance of the database

Sponsor(s) or organisation(s) responsible	Bristol-Myers Squibb France (BMS)
Organisation status	Private

## Additional contact

## Main features

## Type of database

Type of database	Study databases
Study databases (details)	Not-repeated cross-sectional studies (except case control studies)
Database recruitment is carried out by an intermediary	A selection of health institutions and services
Database recruitment is carried out as part of an interventional study	No
Additional information regarding sample selection.	Random sampling in clusters

## Database objective

Main objective	Describe the drug management of patients having chronic hepatitis B, in France, in 2006.
Inclusion criteria	M/F $\geq 18$ years, infected by the hepatitis B virus for at least 6 months, seen in outpatient clinic visit at expert centers for caring of hepatitis (Hepatitis Referenced University Hospitals, General Hospital Centres, community-based hepato-

gastroenterologists) between 1 Jan. and 31 March 2006.

## Population type

Age  
Adulthood (19 to 24 years)  
Adulthood (25 to 44 years)  
Adulthood (45 to 64 years)  
Elderly (65 to 79 years)  
Great age (80 years and more)

Population covered  
General population

Gender  
Male  
Woman

Geography area  
National

Detail of the geography area  
Metropolitan France

## Data collection

### Dates

Date of first collection (YYYY or MM/YYYY)  
2006

Date of last collection (YYYY or MM/YYYY)  
2006

### Size of the database

Size of the database (number of individuals)  
[1000-10 000[ individuals

Details of the number of individuals  
1800

### Data

Database activity  
Data collection completed

Type of data collected  
Clinical data  
Biological data

Clinical data (detail)  
Direct physical measures

Biological data (detail)  
ALT, HBe status, viral load

Presence of a biobank  
No

Health parameters studied  
Health event/morbidity

## Procedures

Data collection method                      Case report form

Participant monitoring                      No

Links to administrative sources              No

## Promotion and access

### Promotion

### Access

Terms of data access (charter for data provision, format of data, availability delay)              Publications

Access to aggregated data                      Access on specific project only

Access to individual data                      Access on specific project only
