Name of the director Marquier

Surname Rémy

Address 14 avenue Duquesne 75350 PARIS 07SP

Phone + 33 (0)1 40 56 81 80

Email remy.marquier@sante.gouv.fr

Unit -----

Organization DREES

### Collaborations

Participation in projects, Yes

## Funding

Funding status Public

Details Publics

## Governance of the database

Sponsor(s) or organisation(s) responsible La Direction de la recherche, des études, de l'évaluation et des statistiques (DREES)

Organisation status Public

## Additional contact

## Main features

### Type of database

Type of database Study databases

Study databases (details) Not-repeated cross-sectional studies (except case control studies)

Database recruitment is carried out by an intermediary A population file

Database recruitment is carried out as part of an interventional study No

Additional information regarding sample selection. Providers were divided between private individuals and employees in approved organisations or authorised personal services (OASP). They were selected from 30 departments throughout metropolitan France.

## Database objective

Main objective To identify the socio-demographic profile and to explore career paths and training for provider To identify their role and responsibilities and the precise nature of their activities, in particular their employer situation (level of independence, isolation) and the context in which they provide care (service provider, employed by private individuals with or without company representation) To collect feedback from providers concerning their occupation, their working conditions and the difficulties they may encounter while working To provide elements that will help to define the actions

undertaken in order to encourage home care for dependent elderly people and disabled people, to structure services that offer home care assistance, to promote the professional development of providers and the attractiveness of this activity sector.

#### Inclusion criteria

### Population type

#### Age

Adulthood (19 to 24 years)  
Adulthood (25 to 44 years)  
Adulthood (45 to 64 years)  
Elderly (65 to 79 years)

#### Population covered

General population

#### Gender

Male  
Woman

#### Geography area

National

#### Detail of the geography area

30 departments throughout metropolitan France.

### Data collection

#### Dates

Date of first collection (YYYY or MM/YYYY)

04/2008

Date of last collection (YYYY or MM/YYYY)

07/2008

#### Size of the database

Size of the database (number of individuals)

[1000-10 000[ individuals

Details of the number of individuals

2600

### Data

Database activity

Data collection completed

Type of data collected

Declarative data

Declarative data (detail)

Face to face interview

Phone interview

Presence of a biobank No
