Organisation status	Public
Additional contact	
Main features	
Type of database	
Type of database	Study databases
Study databases (details)	Not-repeated cross-sectional studies (except case control studies)
Database recruitment is carried out by an intermediary	A selection of health institutions and services
Database recruitment is carried out as part of an interventional study	No
Additional information regarding	Subjects were selected from centres treating HIV+

sample selection.

Declarative data (detail)

patients. Selected centres should have at least 5 reported cases of HIV-infected patients per year between 2000-2004.

Database objective	
Main objective	To study the prevalence of smoking in HIV-infected patients.
Inclusion criteria	Male and female;Adult;Infected with HIV.
Population type	
Age	Adulthood (19 to 24 years) Adulthood (25 to 44 years) Adulthood (45 to 64 years)
Population covered	Sick population
Gender	Male Woman
Geography area	National
Detail of the geography area	France (82 centres in France treating HIV+ patients).
Data collection	
Dates	
Date of first collection (YYYY or MM/YYYY)	05/2006
Size of the database	
Size of the database (number of individuals)	[500-1000[individuals
Details of the number of individuals	593
Data	
Database activity	Data collection completed
Type of data collected	Declarative data
Declarative data (data:1)	Donor self guestianneire

Paper self-questionnaire

Details of collected declarative data	Anonymous questionnaire. Sixty questions on living with the disease, smoking, alcohol consumption and drug use, plans, level of social inclusion and possible degree of depression.
Presence of a biobank	No
Health parameters studied	Health event/morbidity Others
Other (detail)	Nicotine dependence assesment using the Fagerström Scale.
Procedures	
Participant monitoring	No
Links to administrative sources	No
Promotion and access	
Promotion	
Link to the document	http://www.ncbi.nlm.nih.gov/pmc/articles/PMC26526 38/?tool
Access	
Terms of data access (charter for data provision, format of data, availability delay)	Contact the scientist in charge.
Access to aggregated data	Access on specific project only
