Access to the complete records from the index date until the end of the data extraction period or death whichever is earlier</li></ul> <p>Non-inclusion criteria:</p> <ul style="list-style-type: none"><li>? Patients with primary non-cutaneous melanoma including primary ocular melanoma</li><li>? Patients with an index date before 1 January 2012 and 31 October 2012.</li><li>? Patients with resectable melanoma who have not relapsed</li></ul>
--------------------	--

### Population type

Age	Adulthood (19 to 24 years) Adulthood (25 to 44 years) Adulthood (45 to 64 years) Elderly (65 to 79 years) Great age (80 years and more)
-----	---

Population covered	Sick population
--------------------	-----------------

Pathology	C00-C97 - Malignant neoplasms
-----------	-------------------------------

Gender	Male Woman
--------	---------------

Geography area	National
----------------	----------

Detail of the geography area	no information about the individual
------------------------------	-------------------------------------

## Data collection

Dates

Size of the database

Size of the database (number of individuals)	< 500 individuals
--	-------------------

Details of the number of individuals	271 patients included
--------------------------------------	-----------------------

## Data

Database activity	Data collection completed
-------------------	---------------------------

Type of data collected	Clinical data Administrative data Cost data
------------------------	---

Clinical data (detail)	Direct physical measures
------------------------	--------------------------

Presence of a biobank	No
-----------------------	----

## Procedures

Participant monitoring	No
------------------------	----

Followed pathology

Links to administrative sources	No
---------------------------------	----

## Promotion and access

Promotion

Access

Terms of data access (charter for data provision, format of data, availability delay)	No data access charter
---	------------------------

Access to aggregated data	Access not yet planned
---------------------------	------------------------

Access to individual data	No access
---------------------------	-----------
