Population type	
Age	Adulthood (19 to 24 years) Adulthood (25 to 44 years) Adulthood (45 to 64 years) Elderly (65 to 79 years) Great age (80 years and more)
Population covered	Sick population
Pathology	II - Neoplasms
Gender	Male Woman
Geography area	Regional
French regions covered by the database	Normandie
Data collection	
Dates	
Date of first collection (YYYY or MM/YYYY)	2021
Date of last collection (YYYY or MM/YYYY)	2021
Size of the database	
Size of the database (number of individuals)	< 500 individuals
Data	

Database activity	Current data collection
Type of data collected	Clinical data
Clinical data (detail)	Direct physical measures
Presence of a biobank	No
Procedures	
Data collection method	Entry in an eCRF
Participant monitoring	No
Followed pathology	
Links to administrative sources	No
Promotion and access
