Medical area	General practice
Health determinants	Addictions Lifestyle and behavior Medicine Nutrition Occupation Social and psychosocial factors
Keywords	at-risk behaviors, student health, cohort studies, tobacco, alcohol, physical activity, sleep, prevention, cannabis, cyber-addiction, nutrition, stress
Scientific investigator(s) (Contact)	
Name of the director	Ladner
Surname	Joël
Address	1 rue de Germont 76000 ROUEN
Email	joel.ladner@chu-rouen.fr ; Joel.ladner@univ-rouen.fr
Unit	U1073 Inserm (laboratoire ADEN)Département d'Épidémiologie et de Santé Publique

Organization	CHU de
Name of the director	Dechelotte
Surname	Pierre
Address	1 rue de Germont 76000 ROUEN
Email	pierre.dechelotte@chu-rouen.fr
Unit	U1073 Inserm (laboratoire ADEN)Unité Nutrition Clinique
Organization	CHU de
Collaborations	
Funding	
Funding status	Mixed
Details	INCA, CHU de Rouen, Ligue contre le cancer, Sanofi Aventis.
Governance of the database	
Sponsor(s) or organisation(s) responsible	CHU de Rouen
Organisation status	Public
Sponsor(s) or organisation(s) responsible	INSERM U1073, ADEN, Université de Rouen
Organisation status	Private
Additional contact	
Main features	
Type of database	
Type of database	Study databases
Study databases (details)	Longitudinal study (except cohorts)
Database recruitment is carried out by an intermediary	A population file
Database recruitment is carried out as part of an interventional study	No

Additional information regarding sample selection.	A mandatory medical examination during the first year of university makes it possible to make students aware of the "Your health in a Click" project and the setting up of the cohort. An informative note for students, explaining the unfolding and the interest in joining the study is distributed during the venue of students for university preventive medicine (medical visit or other). On this occasion, a questionnaire will be proposed to be completed while students are waiting.
Database objective	
Main objective	<ul style="list-style-type: none"> - evaluate the behaviors at risk for the health of students from Upper Normandy, - evaluate the impact of preventive actions with the change in behavior of these students, - identify the periods at risk during the university curriculum, - identify the university orientations that are most sensitive to the development of risks for health.
Inclusion criteria	Students of faculties/schools/IUT (post-high school) of Upper Normandy
Population type	
Age	Adolescence (13 to 18 years) Adulthood (19 to 24 years)
Population covered	General population
Gender	Male Woman
Geography area	Regional
French regions covered by the database	Normandie
Detail of the geography area	Upper Normandy
Data collection	
Dates	
Date of first collection (YYYY or MM/YYYY)	2011
Date of last collection (YYYY or MM/YYYY)	2015

Size of the database	
Size of the database (number of individuals)	[500-1000[individuals
Details of the number of individuals	921 (10/05/2012)
Data	
Database activity	Current data collection
Type of data collected	Declarative data
Declarative data (detail)	Paper self-questionnaire
Presence of a biobank	No
Health parameters studied	Health event/morbidity Health care consumption and services Quality of life/health perception
Care consumption (detail)	Medicines consumption
