ECAAP - Cross-sectional survey on the addictive behaviour of Polynesian adolescents

Head :Renou Laurence Guignard Romain

, and the second		
Last update : 01/01/2019 Version : 1 ID : 73144		
General		
Identification		
Detailed name	Cross-sectional survey on the addictive behaviour of Polynesian adolescents	
Sign or acronym	ECAAP	
CNIL registration number, number and date of CPP agreement, AFSSAPS (French Health Products Safety Agency) authorisation	CNIL	
General Aspects		
Medical area	General practice	
Health determinants	Addictions Healthcare system and access to health care services Lifestyle and behavior Medicine Nutrition Social and psychosocial factors	
Keywords	Polynesia, addictions, adolescents, psychoactive substances, social factors	
Scientific investigator(s) (Contact)		
Name of the director	Renou	

Name of the director	Renou
Surname	Laurence
Email	laurence.renou@gmail.com
Organization	Health Department, Tahiti, French Polynesia
Name of the director	Guignard
Surname	Romain

Email	romain.guignard@inpes.sante.fr
Organization	INPES
Collaborations	
Participation in projects, networks and consortia	Yes
Details	In partnership with the Institut de la statistique de la Polynésie française (ISPF), The Ministry of Education, Higher Education and Research of French Polynesia
Funding	
Funding status	Public
Details	The French Polynesia Health Department
Governance of the database	
Sponsor(s) or organisation(s) responsible	INPES
Organisation status	Public
Sponsor(s) or organisation(s) responsible	The French Polynesia Health Department
Organisation status	Public
Presence of scientific or steering committees	Yes
Additional contact	
Main features	
Type of database	
Type of database	Study databases
Study databases (details)	Not-repeated cross-sectional studies (except case control studies)
Database recruitment is carried out by an intermediary	A selection of health institutions and services
Database recruitment is carried out as part of an interventional study	No

Additional information regarding sample selection.

Size of the database (number of

individuals)

The selected sampling is a two-tier random sampling per cluster, the first selecting facilities with the probability of a draw proportional to the size of the facility and the second of whole classes (clusters) among these facilities.

Database objective	
Main objective	This is a school-based survey that provides an epidemiological and sociological assessment of the situation. A number of questions about their health, their living conditions, their everyday concerns, their level of well-being and their interests allow us to profile Polynesian adolescents.
Inclusion criteria	Students from year 7 to the final year, Centres for Young Adolescents (CJA), Centre for Education for Appropriate Technologies for Development (CETAD), Development Education Centres (CED) and Family and Rural Homes (MFR) included (in French Polynesia).
Population type	
Age	Adolescence (13 to 18 years)
Population covered	General population
Pathology	
Gender	Male Woman
Geography area	Regional
Detail of the geography area	French Polynesia
Data collection	
Dates	
Date of first collection (YYYY or MM/YYYY)	2009
Date of last collection (YYYY or MM/YYYY)	2009
Size of the database	

[1000-10 000[individuals

Details	of	the	number	of
individuals				

Data collection completed Type of data collected Declarative data Declarative data (detail) Paper self-questionnaire Details of collected declarative data Daily life, social context and psychological profile of young people in school (demographic characteristics, school life, everyday life outside of school, desire for information in health education, depressive intensity, sleep). Analysis of psychoactive consumption (tobacco, alcohol, paka [cannabis], other drugs) Presence of a biobank No Health parameters studied Health event/morbidity Quality of life/health perception Procedures Participant monitoring No Followed pathology Links to administrative sources Yes Linked administrative sources (detail) Secondary education database (DES), from the 2008 back to school survey Promotion and access Promotion Link to the document http://www.inpes.sante.fr/CFESBases/catalogue/pdf/1341.pdf Description Report Access Terms of data access (charter for data provision, format of data, availability delay) Access to aggregated data Access on specific project only	Data
